

Introduction

The following glossary offers descriptions of abbreviations and acronyms that appear in the Development Notebook.

GLOSSARY

AAM	Alliance of Automobile Manufacturers	← 6/99
AAMA	American Automobile Manufacturers Association	
ACC	American Chemistry Council (formerly CMA)	← 9/00
API	American Petroleum Institute	
ASTM	American Society for Testing and Materials	
API	American Petroleum Industry	
BOI	Base Oil Interchange	
BRT	Ball Rust Test	
CAFE	Corporate Average Fuel Economy	
CARS	Committee on Automotive Rubber Specifications (SAE)	
CMA	Chemical Manufacturers Association (now ACC)	← 9/00
EOLCS	Engine Oil Licensing and Certification System (API)	
EPA	Environmental Protection Agency	
GF-3	Third ILSAC Specification	
GCD	Gas Chromatography Distillation	
ILMA	Independent Lubricant Manufacturers Association	
ILSAC	International Lubricant Standardization and Approval Committee (AAMA & JAMA)	
JAMA	Japan Automobile Manufacturers Association	
JASO	Japan Automotive Standards Organization	
MTAC	Multiple Test Acceptance Criteria	

Sept. 2000

GLOSSARY

NOACK	Apparatus Method for Volatility Measurement
OEM	Original Equipment Manufacturer
OPEST	Oil Protection of Emission System Test
PAPTG	Product Approval Protocol Task Group (CMA)
PC-9	API Proposed Category #9 for Diesel Engines
PCEOCP	Passenger Car Engine Oil Classification Panel
PCEO	Passenger Car Engine Oil
RETINA	Replacement Tests in ASTM
RPM	Revolutions Per Minute
SAE	Society of Automotive Engineers
SEQUENCE IVA	ASTM designation previously referred to as KA24E
SEQUENCE VIII	ASTM designation previously referred to as unleaded L-38
SRE	Standard Reference Elastomers
SOHC	Single Overhead Cam (engine)
TEOST	Thermo-Oxidation Engine Oil Simulation Test
TEOST-MHT	TEOST-Moderately High Temperature
VGRA	Viscosity Grade Read Across
